Our city-wide health walks are FREE and open to all – no need to book, just turn up at the meeting point. Our walking groups are friendly and sociable, and have trained walk leaders. Most walks last between 60 and 75 minutes. If you haven't walked for a while, shorter walks (up to 30 minutes) are available to help you get going.

If you are coming for the first time please try to arrive 10 minutes early, and we will make sure there is a walk to suit you.
We don't always walk on Bank Holidays or in very bad weather.
